

THE SUGAR ROLL

For a Sweeter Wipe

SUGARCANE FIBER: The Sugar Roll is made from sugar cane waste fibers called bagasse. This means it's made from recycled raw material.

NON-CHLORINE BLEACH: The Sugar Roll is chlorine free. This means a safer, healthier environment.

SUSTAINABLE AFFORESTATION: The remaining fiber used is from pulp that complies with regulations for sustainable forest management. The fiber is either FSC, PEFC, SFI or CSA Certified.

MADE IN SA: By producing locally we create jobs and minimize transport and pollution.

Naturally Soft .
